MEMORANDUM FOR:

SUBJECT : Scientific and Technical Intelligence
Committee, Priority and Resources
Subcommittee

We have received a letter (copy attached) from Dr. Anthony J. Cacioppo, Chief Scientist of Air Force's Foreign Technology Division at Wright-Patterson Air Force Base. Dr. Cacioppo will be chairman of a newly constituted subcommittee of the STIC. This subcommittee will be called the Priority and Resources Subcommittee. Dr. Cacioppo has invited our participation on this committee.

The purpose of the Priority and Resources Subcommittee will be to provide guidance to the STIC on priority scientific and technical intelligence needs of USIB and other senior-level consumers, including NIO's. It will assess the status of emerging foreign S&T, and provide a basis for structuring priorities and identification of resources to meet these priorities.

I believe it is appropriate that we participate in this effort as a member of the Priority and Resources Subcommittee. The first meeting is scheduled for 11 December at CIA. I have tentatively identified as the MPRRD representative.
